

Dokument Now Certified for Sale on ServiceNow Store

PARIS, France – May 05, 2017, Atlantic Puffin today announced it has received certification of its application with ServiceNow®. Certification by ServiceNow signifies that Dokument has successfully completed a set of defined tests focused on integration interoperability, security and performance. The certification also ensures that best practices are utilized in the design and implementation of Dokument's application with ServiceNow.

Dokument massively reduces costs of technical documentation, optimizes technical knowledge transfer by providing an undisputed source of technical information. It helps you concentrate on your business and stop wondering *"At which level of customisation is my ServiceNow instance?"*

Key application highlights include:

- Provide full visibility on level of customisation in ServiceNow
- Provide information to stakeholders AND technical staff
- Significantly reduce documentation time/costs so that your developers concentrate on producing code
- Host documentation in ServiceNow
- Link business requirements to technical documentation
